Dear Year 1 to Year 5 Parents and Carers

### Re: Power Maths Practice Book Offer

During the autumn term, changes were made to our teaching of mathematics. The school has followed the Power Maths published scheme for a number of years and whilst we still adhere to its teaching progression within earlier year groups, we do not use the published practice books.

You may recall following last term's parent consultations, your child's class teacher sharing with you Power Maths booklet A – this booklet related very much with the Autumn terms teaching and learning.

We would now like to offer the opportunity of purchasing Power Maths booklet B and C priced at £2.00 each. Booklet B supports the teaching of the spring term mathematics scheme and booklet C, the summer term.

If you would like to take up this opportunity of purchasing Power Maths booklet B and C, then please complete the form below. Upon its receipt, the booklet/s will be handed to your child for bringing home.

**Or**

If you would like to take up this opportunity of purchasing Power Maths Practice booklet/s, then please login to your ParentPay and make your booking and payment under payment item named '**Power Maths Booklet Offer**'. Upon receipt of payment, the booklet/s will be handed to your child for bringing home.

Yours sincerely

Mr S Arnold  
Executive Headteacher
