17th June 2021

Dear Parents/Carers,

Go Read digital reading records

Woodfield Primary School is moving to using digital reading records instead of paper records. This means that instead of giving children paper reading records that go back and forth between school each child now has an online reading record. This is personal to them and you will need to use the log on details for your child that are attached to this letter.

It will work in exactly the same way. When teachers hear your child read they will write a brief comment on GoRead and any words/questions that they found tricky and you will be able to see this. Similarly, when you listen to your child read at home or discuss their book with them we encourage you to go on to GoRead and write this down. As children become more independent they will be able to use GoRead to write a book review and record their own reading.

You will also notice that you can view your child's current reading band and as they progress through school all of the comments on their reading and their progress through Read Write Inc and the reading colour bands will be tracked on here.

We would encourage you to visit www.go-read.co.uk/parents where you can see a video of how to use the app and further information.

Warm regards,

Maya Holt
Assistant Headteacher
